IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Directs that Coffee Takavi Loan and the advance for sprayers and chemicals issued to a coffee planter by the Revenue and Agricultural Departments be consolidated into a single loan for purposes of recovery.

READ—

Para 12 of Government Order No. R. 6430-42—L. R. 97-39-26, dated 8th May 1940, requesting the Revenue Commissioner in Mysore, to submit, in consultation with the Director of Agriculture, a report on the feasibility of consolidating the takavi loan and the advance for sprayers and chemicals issued to a coffee planter by the Revenue and Agricultural Departments, respectively, into a single loan for purposes of recovery.

2. Correspondence ending with letter No. C. 2796—39-40, dated 24th September 1940, from the Revenue Commissioner in Mysore, submitting a report on the above suggestion.

ORDER No. R. 4121-6—L. R. 97-39-30, DATED BANGALORE, THE 11TH DECEMBER 1940.

The Director of Agriculture considers that the proposal to combine the advances made to a planter by the Revenue and Agricultural Departments into a single loan for purposes of recovery is not only feasible but will also minimise a good deal of correspondence now involved between the two departments in the matter of recovery of advances issued by his department. He, accordingly, suggests that the following procedure in the matter of issue of the advances may be adopted :—

"When a takavi loan is sanctioned to a planter, the amount up to which spraying materials may be issued may also be fixed by the Revenue Department

and intimated to the Assistant Director of Agriculture concerned. On production of such authorisation from the officers of the Revenue Department, spraying materials will be issued by the Agricultural Department after obtaining mutchalikas. At the end of each month, a list of the issues made will be sent in duplicate together with the mutchalikas to the Amildar concerned, who may return one list to the Assistant Director of Agriculture duly passed for payment. This voucher may, on presentation at the treasury, be passed through the Register of Transfer Transactions by debit to Takavi Loan and credit to 'Advances for Sprayers and Chemicals'."

2. The Revenue Commissioner agrees with the views of the Director of Agriculture and recommends that the procedure suggested may be adopted. Government accept the above proposals and direct that the Takavi Loan and the Advance for Sprayers and Chemicals issued to a planter by the Revenue and Agricultural Departments, respectively, may be combined into a single loan, the aggregate amount to be advanced being limited to Rs. 45 per acre and they are also pleased to approve of the procedure suggested above for accounting the advances.
